Annual Report

for the Town of

Bristol

New Hampshire

For the Fiscal Year Ending
December 31, 1990

DEDICATION

"Ask Jackie; she'll know" is a phrase constantly heard in Bristol's Town Offices. If you need to know how to find a road, where a person might live, when an event happened, or what took place at a given time, more often than not, Jackie could tell you.

Completing her 20th year as Administrative Secretary to the Bristol Board of Selectmen, Jacqueline V. Crouse, Jackie, as she is known to one and all, is a compendium of the area's history and lore. She is a definitive source of information for any event that has taken place in the Town Offices over the past 20 years and is knowledgeable about the Newfound Area as a whole.

A true native, Jackie attended Bristol schools, graduating from Bristol High School in 1947. She attended Plymouth State College and then left the Newfound Area to work in Washington, D.C. during the early '50's. While in Washington, Jackie worked for the Government Patent Office through a private organization as a computer analyst. In 1951, Jackie met and married Thomas J. Crouse to whom she has been married 40 years. Tom was in the Navy and Jackie and he moved to Norfolk where Jackie went to work for the Naval Supply Center in Norfolk, Virginia. It was here that she honed her skills for the next 15 years, attaining a very high GS rating with the government.

Jackie and Tom returned to Bristol when Tom retired from the Navy. Shortly after her return, in September of 1971, Jackie came to work for the Town under Selectmen Danny Clark, Burt Williams and Ralph Shackett, and Police Chief Jack Smart. Serving as secretary to both the Selectmen and the Police Department, as well as a Ballot Clerk, Justice of the Peace, and Notary Public, Jackie had little free time. Her days were occupied with keeping accurate Town records, maintaining the accounts, and attending to the many and varied needs of the public and Town officials.

However, she found time to become a Charter Member of the Bristol Lioness Club, and for the past ten years she has been an active and dedicated member.

It is with heartfelt thanks and deep respect that we dedicate the *Bristol Annual Report for 1990* to Jacqueline V. Crouse.

_____ YES _____ NO

POLLS CLOSE AT 7:00 PM

and further action on the following articles at the Old Town Hall on Summer Street in said Bristol at 7:30 P.M. on Thursday, March 14, 1991:

Article 3. To see if the Town will vote to establish in accordance with Chapter 35, the Ambulance Department Capital Reserve Fund for the purpose of acquiring equipment for the Ambulance Department and to appoint the Board of Selectmen as agents to carry out the objects of this fund, in accordance with RSA 34:15. Further, to raise and appropriate the amount of $16,800 to be placed in said fund.

Article 4. To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of $2,399,012 to be raised by taxation, inclusive of preceding Warrant Articles.

Article 5. To see if the Town will vote to compensate the Town Clerk and Tax Collector on a salary basis, in lieu of statutory fees, pursuant to RSA 41:33.

Article 6. To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental or private source to be used for the purposes for which the Town may legally appropriate money: provided (1) that such grants and other monies do not require the expenditure of any other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies and, (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided in RSA 31:95-B(SUPP).

Article 7. To see if the Town will vote to rescind the vote taken at Town Meeting Thursday, March 16, 1989 on Article 12 authorizing:

. . . the Planning Board to review and approve or disapprove site plans for the development or change or expansion of use of tracts for non-residential uses or for multi-family dwelling units, which are defined as any structure containing more than two dwelling units, pursuant to RSA 674:43. (Submitted by Petition)

Article 8. To see if the Town will vote to authorize a section of the Town of Bristol, NH, known as Bear Mountain Cove, consisting of three acres more or less and located on the common border with the Town of Hebron, to become annexed to the Town of Hebron subject to payment of all taxes due the Town of Bristol on the date of annexation as may be approved by the New Hampshire Legislature. (Submitted by Petition)(Requires ⅔ vote)

Article 9. To see how the Town will vote on the following proposed bylaw (recommended by Bristol Police Commission):

The Town Of Bristol, New Hampshire
Disorderly Actions Ordinance

Disorderly Actions: A person is guilty of disorderly actions if:

I. He knowingly or purposely creates a condition which is hazardous to himself or another in a public place by any action which serves no legitimate purpose; or

II. He:

a. Engages in fighting or violent, tumultuous or threatening behavior in a public place; or

b. Directs at another person in a public place obscene, derisive, or offensive words which are likely to provoke a violent reaction on the part of any ordinary person; or

c. Obstructs vehicular or pedestrian traffic on any public street or sidewalk or the entrance to any public street or sidewalk or the entrance to any public building; or

d. Engages in conduct in a public place which substantially interferes with a criminal investigation, a fire fighting operation to which RSA 154:17 is applicable, the provision of emergency medical treatment, or the provision of other services when traffic or pedestrian management is required; or

e. Knowingly refuses to comply with a lawful order of a peace officer to move from any public place; or

III. He purposely causes a breach of the peace, public inconvenience, annoyance of alarm, or recklessly creates a risk thereof, by:

a. Making loud or unreasonable noises in a public place, or making loud or unreasonable noises in a private place which can be heard in a public place or other private places, which noises would disturb a person of average sensibilities; or

b. Disrupting the orderly conduct of business in any public or private facility; or

c. Disrupting any lawful assembly or meeting of persons without lawful authority.

d. Operating any motor vehicle within the Town of Bristol so as to make excessive noise by any of the following means:

1. Misuse of power, acceleration or traction so as to spin the wheels in the manner commonly known as "laying rubber".

2. Misuse of brake and stopping power in the deceleration of a motor vehicle where no emergency exists.

3. Misuse of power, acceleration or traction by means of rapid upshift or downshift of transmission gears.

4. Racing of engine by means of the accelerator, carburetor, gear selector, either when the motor vehicle is in motion or stationary.

IV. In this section:

a. "Lawful Order" means:

1. A command issued to any person for the purpose of preventing said person from committing any offense when the officer has reasonable grounds to believe that said person is about to commit any such offense, or when said person is engaged in a course of conduct which makes his commission of such an offense imminent; or
2. A command issued to any person to stop him from continuing to commit any offense when the officer has reasonable grounds to believe that said person is presently engaged in conduct which constitutes any such offense.

b. "Public Place" means any place to which the public or a substantial group has access. The term includes, but is not limited to, public ways, sidewalks, schools, and the lobbies or hallways of apartment buildings, hotels or motels.

V. Exemptions:

A. The following uses and activities shall be exempt from disorderly actions regulations:

1. noises of safety signals and warning devices when used for the purpose for which they were intended and emergency pressure relief valves;
2. noises resulting from any authorized vehicles, when responding to an emergency call or acting in time of emergency;
3. noises resulting from emergency and maintenance work as performed by the Town of Bristol, by the State of New Hampshire, Bristol Highway Department, Bristol Water & Sewer employees or other public utility companies; noises resulting from the provisions of municipal services;
4. agricultural operations under RSA 430 c:1, c:2, c:3, c:4.

VI. Disorderly Actions is a violation, punishable by a fine up to, but not exceeding $500.00.

This ordinance shall take effect upon passage.

Article 10. To see if the Town will vote to abolish the Police Commission as established by a vote of the Town at its annual meeting in March 1982, and vest the authority for control and direction of the Police Department in the Board of Selectmen. (submitted by Petition)

Article 11. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by Tax Collector's deed.

Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

Article 12. To see if the Town will pass the ordinance that no one will hold more than one paid position in the Town of Bristol. (submitted by Petition)

Article 13. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 14. To transact any other business which may legally come before this meeting.

Given under our hands and seal this 14th day of February, in the year of our Lord nineteen hundred and ninety-one.

Archie L. Auger William R. Phinney J.P. Morrison, Jr.

A true copy of Warrant — Attest:

SELECTMEN'S REPORT — 1990

Town government provides services as required by federal and state law and regulations and as voted/requested by its citizens. In view of current economics to continue and/or improve the present level of service for 1991 will require a good deal of resolve on the part of the voters.

During 1990 the Town has improved by the purchase of land adjacent to the well site. This land will provide well head protection for the existing well and tests have shown that the property has an aquifer capable of providing for future water needs. A long standing project was completed in early November with the laying of water lines and the final grading of Arrow Head Point and Wulamet Roads.

Our Town beaches have been and will continue to be under increasing pressure in terms of use. The legal issues concerning both beaches were not resolved during 1990 but it does appear that The Foot of the Lake beach ownership claim has an excellent chance of being resolved by the court during the spring term of 1991. In August the Department of Safety, The Board of Selectmen, and interested parties held a public hearing on the establishment of a moorings area at the foot of the lake. Lake Shore Drive property and boat owners were pleased with the recommendation that resulted from the hearing.

The damage caused by the July freshet to the Town beaches and roads has been corrected. Where possible improvements were made to existing damaged systems which should provide better protection against future freshets. All federal and state monies have been received and applied to the appropriate accounts.

The Sewer Commission recommended a construction company to the Board of Selectmen for the sewer improvement project; the Board accepted the recommendation, signed the contract and the project is well under way and on budget. Completion is anticipated as per bid or earlier.

The changeover of service from Newfound Ambulance Rescue Services to Bristol Emergency Services was completed though not without challenges; however, service was not interrupted nor was the level of service impaired. The level of service has since been improved by the addition of equipment and training of EMS personnel. The area is indeed fortunate to have emergency service at reasonable costs.

It is always a pleasure to be able to report that a service or an increase in service can be provided at the same cost to the users; in the case of solid waste we are delighted to report at least the same or better service

for less money, (even though there is a $2.00 charge for a sticker). This was made possible by planning and hard work by a number of people. Hats off to them!

At this writing the Board anticipates the 1990 budget will be in the "black" notwithstanding the increased demands on the General Assistance budget and the July flood costs. The Board extends its sincere thanks to those who worked so hard to keep the budget balanced.

The Town has had a successful year with respect to its financial affairs for 1990. It has reduced its bonded indebtedness principal and interest payments, and more importantly, has reduced significantly the amount of interest paid on tax anticipation notes. Currently (December 20th) the Town has received 81% of all taxes due in 1990; compared to other communities Bristol taxpayers have done well.

Any success the Town enjoyed is due to the hard work and dedication of its citizens and taxpayers. Elected, appointed or hired town members are most appreciative of the support received from the community. On behalf of the "Town family" the Board of Selectmen thanks the people of Bristol.

STATEMENT OF APPROPRIATIONS AND TAXES ASSESSED FOR THE TAX YEAR 1990

Town Officers' Salaries	41,525.00

TOWN MEETING
March 13, 1990

Supervisors: Raymah Belser, Jane Westfall, Ruth Simpson
Ballot Clerks: Jacqueline Crouse, Marcia Payne, Zelma Tucker, Elaine Putnam
Selectmen: J.P. Morrison, Jr., Archie L. Auger, William R. Phinney
Police: Chief Barry Wingate
Moderator: Samuel E. Worthen
Town Clerk: Barbara L. Avery

Ballot boxes checked and found to be empty.
Polls declared open at 10:00 a.m. and closed at 7:00 p.m.

March 15, 1990

Bristol Town Meeting declared open at 7:32 P.M. by Moderator Samuel E. Worthen. Invocation was given by Father John Russell of St. Timothy's Church.

An invitation has been extended by Chief Ernest Glines for everyone to come to the fire station on April 9th from 1 to 4 to inspect the new fire truck.

A reminder to everyone that the ambulance number now is the same as we use for the fire department.

7:36 P.M. Article 1

To choose all necessary Town officers for the year ensuing. The results of the voting on Tuesday is as follows: Selectman for 3 years, J.P. Morrison Jr., 516; Selectman for 1 year, Archie L. Auger, 469 and Frank Kierce, 62; Treasurer for 1 year, Kathleen Haskell, 483; Tax Collector/Town Clerk for 3 years, Barbara L. Avery, 559; Fire Commissioner for 3 years, Stephen Q. Curley 424 and Robert J. Lyden, 120; Budget Committee for 3 years, Michael W. Bannan, 418, David C. Carr, 482, Toni Root, 437 and Jeff Shackett, 449; Budget Committee for 1 year, Jeffrey D. Barr, 475; Sewer Commissioner for 3 years, John Bianchi, 368 and Richard Walenda, 104 and Michael Capsalis, 88; Trustee of Trust Funds for 3 years, Walter O. Wood, 511; Police Commissioner for 3 years, Thomas Belser, 285 and Everett Hackett, 245; Town Moderator for 2 years, Samuel E. Worthen, 540; Supervisor of Checklist for 6 years, Nancy Gavalis; Library Trustees for 3 years, Michael R. DeAngelis, 469, Florence C. Laclair, 489, Jane Westfall, 502; Library Trustee for 1 year, Beth Morrison, 524; School Board Bristol Member for 3 years, Richard Morton, 119, Mary J. Perkins, 31, John M. Root, 328, Richard Walenda, 34, and Richard E. Woodward, 36; Danbury member for 1 year, Paula Euerle, 132

and Bonnie Welch, 230; New Hampton member for 3 years, Trudy Powers, 380; School Budget: Bristol member for 3 years, P.J. LaBarge, 501; New Hampton member for 3 years, T. Holmes Moore, 7; Pat Provencher, 5 and William Walsh, 5; Bridgewater member for 2 years, Colonel B.A. Finkle, 327; School Moderator for 1 year, Charles E. Greenwood, 476.

Article 2

To see what action the Town will take with respect to the Zoning Ordinance prepared by the Town Planning Board by voting by ballot upon the following question:

1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town of Bristol Zoning Ordinance as follows:

To amend the Zoning Ordinance by adopting the Flood Plain Zoning Ordinance regulating construction within the flood plain in accordance with Federal Emergency Management Agency requirements.

Yes — 420 No — 123

Article 3

To see what action the Town will take with respect to the following petitions to the Board of Selectmen pertaining to the Zoning Ordinance by voting by ballot upon the following questions:

1. Are you in favor of the adoption of Amendment No. 2 as proposed by petition for the Town of Bristol Zoning Ordinance as follows:

To amend the Zoning Ordinance by Adopting a Wetlands Conservation Overlay District. The Wetlands Conservation Overlay District will regulate uses of land subject to standing water, flooding, or high water tables for extended periods of time as defined in a Wetlands Inventory and Evaluation prepared for the Town of Bristol. (Not recommended by the Planning Board.)

Yes — 300 No — 240

2. Are you in favor of the adoption of Amendment No. 3 as proposed by Petition for the Town of Bristol Zoning Ordinance as follows:

To repeal the Pemigewasset Overlay District. (Not recommended by the Planning Board.)

Yes — 100 No — 435

3. Are you in favor of the adoption of Amendment No. 4 as proposed by Petition for the Town of Bristol Zoning Ordinance as follows:

To repeal the entire Zoning Ordinance. (Not recommended by the Planning Board.)

Yes — 121 No — 429

7:38 P.M. Article 4

To see if the Town will vote to raise and appropriate the sum of $89,750 for the acquisition of the Robert J. & Muriel I. Beaulieu property located off West Shore Road near the Fowler River for the purpose of a future well site and conservation purposes and authorize Town Officials to accept funds from any Federal, State, including matching funds available under the NH Land Conservation Investment Program, RSA 221-A, or private source. (Recommended by Budget Committee). Moved by Burton Williams and Seconded by John Bianchi. We now have two wells on the present system. The Fowler River well and the Storm Center off of Route 104. This land is just across the river from the present site. We have pumped as much as a million gallons from the Fowler River well in one day with it going almost constantly. In acquiring this land it would give us the four hundred feet in all directions that we are required by the State to have to protect our present well. We have gone in and put in a couple of test wells and this is a very good area to have another well when the need comes and it could come in the next three or four years. The third reason to buy this is conservation.

The engineer for the water department explained in a little more detail about the need and how the test wells were put in.

Mason Westfall stated that there is a possibility that we may be able to get Matching funds from the L.C.I.P. program. We must approve this article to show our good faith before we can finalize our applications to the State. Not 100% sure of this but looks good for us as we meet a lot of the criteria set forth by the L.C.I.P. Could get up to 50% of the total fund.

Archie Auger — The Board of Selectmen are very much in favor of this. The water department will contribute $25,000.00 toward this so our cost at the very most would be $65,000.00. If we pay for this in one year we would probably save about $7,500.00 in interest and costs that we would have to pay if we bonded it.

Richard Walenda asked who might be using this water. John McEachen stated that we have 95 new users projected for next year.

Skip Bowie asked if this figure was the assessed value of the property and was told yes that it was. He felt we should not pay this as most land is assessed too high but was told that the Town more or less had to go with this figure because that is the value that they accepted on the revaluation.

Tom Morrison does not feel that we should put two wells in the same area in case of contamination.

Michael Bannan felt if this is to plan for the future then let the new developers pay an impact fee to cover the cost of this.

Glen Sharp spoke in favor of buying this land.

Ralph Ford moved the question and Ken Grack seconded. This passed by voice vote.

A ballot vote was called for by seven voters.

Article 4 passed. Yes — 122 and No — 64

8:41 P.M. Article 5

To see if the town will vote to raise and appropriate the sum of $5,000.00 for a survey in preparation of a Master Plan for Kelly Park. (Recommended by Budget Committee). Moved by Alan Blakeley and Seconded by Burton Williams. Kelly Park has no income except from the trust fund and from the school who rents the fields for their use. We would like to have a survey done so that we could set up a Master Plan for the park and we could implement in the next few years.

David Powden questioned the need of a Master Plan and how much more it would cost us later on.

Alan stated it would cost some money to implement the Master Plan but it would be done over a period of time and not all at once.

Beth Morrison asked if they had set goals that would be worked into this plan and was told that there would be questionnaires sent out to the Townspeople and a public hearing to get input from everyone as to what they would like to see there.

Chandler Brown felt that we should not put any money into this.

Article 5 passed by voice vote.

8:51 P.M. Article 6

To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of $2,378,016.00 to be raised by taxation, inclusive of preceding Warrant articles. Moved by Betty Seeler and Seconded by Burton Williams. Archie Auger spoke in recognition of the budget committee and the hard work that they do in putting this budget together and he would urge us all to support them.

Michael Bannan stated that we really could not afford a 20% increase. Archie stated that if the income that is expected comes through then the increase would be only 8½%. Only one large money article this year and most of this increase is from the things that were voted in previous years.

Michael Capsalis moved the question and Seconded by Pat Baker. Passed by voice vote.

Article 6 then passed by voice vote also.

9:06 P.M. Article 7

To see if the Town will vote to deposit fifty percent (50%) of all future revenues collected pursuant to RSA 79-A (The Land Use Change

Tax) in the conservation fund administered by the Town Treasurer (RSA 36-A:5 II) and authorized by RSA 79-A:25 II. The specified percentage of such revenues shall be deposited in the Conservation Fund at the time of collection. (Submitted by petition.) Moved by John Hetzel and Seconded by Flossie LaClair.

Moderator Sam Worthen turned the meeting over to Ned Gordon so he could speak in favor of this article. The purpose of this is to put one half of the land use change tax into a special fund so that the Conservation Committee could pick up easements or land to protect the environment.

Betty Seeler hoped this would be voted down as this would be cutting down on the income that we would be counting on.

J.P. Morrison stated that there are 125 properties in current use and we lose about $165,000 in taxes that would be paid if these lands were not in current use. He felt that the penalty should all go to the Town to help offset the taxes that have been lost during the years that it has been in current use.

Glen Sharp stated that when this land comes out of current use then it is developed and taxed at full value. The penalty would be a small part of this and what the Commission might buy would be small in comparison.

Tom Belser moved the question and Seconded by Michael Capsalis. Passed by Voice vote.

Voice vote on this article was too close to call. When a hand vote was called, seven people stood up and requested a ballot vote.

Article 7 was defeated. No — 136 and Yes — 45

9:39 P.M. Article 8

To see if the Town will vote to discontinue the "Revaluation of the Town" Capital Reserve Fund. (As of December 31, 1989 the account shows a balance of $131.76) Moved by Archie Auger and Seconded by J.P. Morrison. Archie explained that this and the next article were really housekeeping ones. This one being to put the money left over from the revaluation account back into the general fund.

Passed by voice vote.

9:41 P.M. Article 9

To see if the Town will vote to establish a Highway Department Equipment Capital Reserve Fund and appoint the Selectmen as agents. This fund to be funded by the funds in the current Equipment Capital Reserve Fund established in 1967 without a Warrant Article Vote. (As of December 31, 1989, the account shows a balance of $4,192.42.) Moved by J.P. Morrison and Seconded by William Phinney. No discussion.

Passed by voice vote.

9:42 P.M. Article 10

To see if the Town will vote to authorize the Board of Selectmen to appoint three alternates to the Planning Board in accordance with RSA 673:6. Moved by William Phinney and Seconded by Jeff Shackett. This is needed so if someone cannot attend a meeting an alternate can be called upon to fill in so that the necessary number would be present to hold and take action at that meeting.

Passed by voice vote.

9:49 P.M. Article 11

"Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veteran's exemption is $100.00 rather than $50.00." (Submitted by petition.) (Ballot vote required.) Moved by John Root and Seconded by J.P. Morrison, Jr. A bill was passed by the State last year and is required to have a ballot vote by the towns. $11,350.00 on this one and $4,200.00 on the next one are what the amounts of the exemptions would be and this would be about $.06 on your tax rate.

Passed by ballot vote. Yes — 110 and No — 59.

10:05 P.M. Article 12

"Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service connected total disability? The optional disability exemption is $1,400.00 rather than $700.00." (Submitted by petition.) (Ballot vote required.) Moved by John Root and Seconded by John Bianchi. No discussion.

Passed by ballot vote. Yes — 125 and No — 29.

10:21 P.M. Article 13

"Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, $10,000; for a person 75 years of age up to 80 years, $15,000; for a person 80 years of age or older, $20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than $10,000 or if married, a combined net income of less than $12,000, and own net assets of $30,000 or less, excluding the value of the person's residence." (Submitted by Petition.) (Ballot vote required.) Moved by William Phinney and Seconded by Archie Auger. Bill stated that before the revaluation,

we had 30 elderly exemptions. After that we only had 11. It is felt that this would probably cost us about $4,560.00. The elderly would have to reapply, stating just what their assets are.

John Bianchi questioned why it said NH resident and not Bristol resident.

Ruth Simpson asked if a person could live somewhere else in the state and then claim this exemption up here, and was told that this was unlikely as their assets would be too high if they owned more than one piece of property.

Amendment No. 1 Add: to qualify the applicant must be a Bristol, NH resident for five years. Moved by Mason Westfall and seconded by Tom Keegan. It was questioned how you could amend a state statute.

Amendment No. 1 was defeated by voice vote.

Ballot vote on article was then taken with Article 13 passing. Yes — 138 and No — 13.

10:47 P.M. Article 14

To see how the Town will vote on the following proposed bylaw:

When the Selectmen of Bristol, NH refuse to reassess valuations of buildings and/or land to a fair market value, then the town shall buy said building's and/or land at the current town valuation. Condition of the amendment: The selling party(ies) must have (2) two licensed appraisals dated within (1) one year of selling date. (Submitted by petition.) The Moderator read a letter from Town Council stating that this article was illegal and out of order and should be passed over. There are ways set up by law to appeal your taxes if you do not like what you have.

Moved by Roger Pedersen and Seconded by Michael Bannan to pass over this article.

The majority being in favor of doing this.

10:50 P.M. Article 15 and 16

Moved by Burton Williams and Seconded by J.P. Morrison that these two articles be passed over as the matter pertained to in these articles has been settled and these are no longer necessary.

Voted in the affirmative.

10:52 P.M. Article 17

To see if the Town will vote to authorize the Board of Selectmen to establish fees for the issuance of licenses and permits and to defray the expenses of all established regulatory programs as provided in RSA 41:9-a. Moved by Archie Auger and Seconded by John Bianchi. We would like to set up a fee schedule for the dumping of certain things at the dumpsite such as appliances.

Mike Capsalis hoped this would be voted down.

J.P. Morrison said that the biggest expense at the dump now is the metals and this would help defray the cost of getting rid of them. Walter Corbeil felt we pay enough in taxes without additional costs and that this would make people start dumping in the woods and beside the roads instead of paying this fee.

Boake Morrison and Glen Sharp spoke in favor.

Bob Marini asked if the Town had considered recycling and was told not at this time as we need the volume to go to the plant in Boscawen.

Tom Caldwell was against this article because the Selectmen would have blank authority after a public hearing to set these fees. He felt we should know what the fees would be and then we could vote on them. Tom Belser moved the question and Seconded by Florence LaClair. Passed by voice vote.

Voice vote on Article was too close to call. Hand vote called for.

Article 17 passed. Yes — 78 and No — 35.

11:15 P.M. Article 18

To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental or private source to be used for the purposes for which the Town may legally appropriate money: provided (1) that such grants and other monies to not require the expenditure of any other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies and, (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided in RSA 31:95-B (SUPP). Moved by William Phinney and Seconded by Pat Baker.

Passed by voice vote.

11:17 P.M. Article 19

To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Moved by William Phinney and Seconded by John Bianchi.

Passed by voice vote.

11:18 P.M. Article 20

To see if the Town will vote to designate and proclaim April 22, 1990 as Earth Day-1990 and to set aside that day for public activities promoting preservation of a global event thus launching the Decade of the Environment. (Submitted by petition). Moved by Janet Cote

and Seconded by Pat Baker. Janet explained that there would be programs to help celebrate this day and to make it special.

Passed by voice vote.

11:20 P.M. Article 21

To transact any other business which may legally come before this meeting.

J.P. introduced our new administrator, Gini Deragon.

He also spoke about the people that wanted to secede from Bristol and asked the moderator for a sense of the feeling of the people on this matter. Burt Williams said he felt the Selectmen had handled it well and that we should support them and most seemed to agree by the applause.

Bill Phinney asked for the feeling of the people as to what might happen to the Town Hall because it does need some work.

Burton Williams moved and Ken Grack seconded to have the Selectmen appoint a committee to look into this matter.

Passed by voice vote.

11:25 P.M. The Meeting was Adjourned.

Respectfully submitted,
Barbara L. Avery, Town Clerk

All new offices have been duly sworn in.
All necessary bonds have been executed.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Bristol
Bristol, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Bristol and the combining and individual fund financial states of the Town of Bristol as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town of Bristol's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Bristol at December 31, 1989, and the results of its operations and the changes in financial position of its proprietary and nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town at December 31, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

HIGHWAY DEPARTMENT REPORT

In 1990 the winter months of January, February and March were very busy with a lot of snow and weekend storms. April and May brought frequent rain and showers. It slowed the spring cleanup and summer work projects down. When the rain finally slowed down, June and July were very busy. The final phase of the Peaked Hill Road project was started and had just been completed, along with Bristol Hill, when the heavy rains of August came.

August 6, 1990, the first of the heavy rains came causing problems and washouts on many roads. Then, before we could get things back together, August 10th we had another substantial rainfall, leaving us with more than 12 inches of rain for the week.

This storm damage took priority over other scheduled projects. Federal Emergency Management personnel estimated our damage at $109,254.80. The Highway Department performed much of the repair work to keep the costs down for the amount of work that had to be done. Places affected by storm damage included:

Peaked Hill	Brookwood Park	Hemphill Road
Lakeside Road	Hall Road	Ten Mile Road
Chestnut Street	Wicom Road	Ellen Lane
High Street	Prospect Street	Town Beaches

In addition, many gravel roads were damaged by the heavy rains.

All repairs were completed by mid-November. Scheduled paving was postponed due to storm damage. Resealing of roads was done on Peaked Hill, Brookwood Park, Bristol Hill, and Camelot Acres.

With the unseasonably mild weather mid-November through December, we were able to catch up on work previously left undone.

I would like to close by sending out many thanks to all the people involved during the flood damage era with their help and concern. Especially the Fire Department, Police Department, Water & Sewer Department, Women's Auxiliary and all of those who helped out. A special thanks to John Day for all his help and a big thanks to the crew of the Highway Department.

Highway Supervisor
Harold Haney

REPORT OF TRUSTEES OF MINOT SLEEPER LIBRARY

The Trustees of the Minot Sleeper Library report the following activities during the year 1990.

The Summer Reading Program and Story Hour were very successful. Seven "Story Hours" were held this summer with sharing of the programs by several volunteer storytellers. The "Summer Reading Program" ended with a party for twenty-eight children, and winners of the reading contest received prizes. Several children put on original plays for entertainment. There were eleven children who read twenty or more books and each has had a children's book added to the children's collection in his or her name.

Another survey of video tape choices was developed, and a catalog was on display for library patrons to make selections. There are now sixty VCR tapes available for loans to patrons, and there was a 30% increase in circulation this year. The most popular choices have been science, history, and hobbies; plus the classic films, and children's movies. The librarian has reported the VCR tape program is very popular. A policy has been written to regulate the borrowing of VCR tapes from the library. The Book Committee has obtained a video rack on which they have organized the cataloging of tapes for easier access and identification of subjects by patrons.

The Minot Sleeper Library now offers 36 different magazines, and a magazine rack which provides a front display of magazines was donated to the library. A new paperback book rack has been added for easier display of all the paperback books donated by patrons. Many requests were received for Audio Books, to play on tape recorders. This new program, starting with six Audio Books, was introduced in December, and immediately they have been very popular. The transfer of all of the available editions of the Bristol Enterprise to microfilm has been completed through April 1988. A report on the circulation of books includes:

Magazines	2,112	Video Tapes	896
Adult Paperbacks	943	Adult Fiction	5,686
Junior Paperbacks	226	Adult Non-fiction	1,791
Borrowed from other libraries	14	Junior Fiction	2,971
Inter-Library Loans	302	Junior Non-fiction	911
		Audio Books (new program)	6

A long list of repairs and improvements has been accomplished this year. Cleanup of the backyard was done, and the Bristol Garden Club planted

flowers to beautify the outside of the library. Repairs have been made in the downstairs restroom, small jobs on pipes and caulking of the sills. The library now has outside water available. The light and eye timer for the front porch lighting on the sign has been installed to provide patrons with better sight and safety at the front entrance. Repairs have been made to the furnace room ceiling. The furnace air circulation fan was adjusted and provided satisfactory service during the summer months. There is a list of other jobs still pending which will be accomplished whenever possible. The library sign on the lawn has been cleaned and repainted by Wink Tapply. A rearrangement of library funiture has provided more open spaces in the library, and a new light fixture has provided additional light over the table in the photocopying machine corner. A new cabinet desk was built to support the microfilm reader which has been moved downstairs to the alcove in the children's/research room. The librarian's old office chair was reupholstered for use at this desk, as the new librarian's chair on back order has been received.

Patricia Baker resigned as Treasurer, and Gordon S. Dole was appointed to perform the duties of Treasurer for an interim period until another treasurer is available.

The Trustees are developing a staff file which will contain updated job descriptions of all staff positions. Looking further into the future, the Trustees have discussed long-range plans. For many years, the opinion has been expressed that the library needs more room for expansion. It is felt that an additional wing to accommodate the steady growth of patrons who use the library should be seriously considered and actively planned. The Trustees have obtained copies of the blueprints which former trustees had drawn in 1932. They will have these blueprints read by a qualified person who will review them for adaptability and revisions under present day laws and legal requirements and make recommendations.

Library hours are now:
Monday and Wednesday 1-8 p.m.
Friday 3-8 p.m.
Saturday 9 a.m.-12 noon
a total of 22 hours per week.

BRISTOL CONSERVATION COMMISSION ANNUAL REPORT 1990

Under RSA 35-A, the Bristol Conservation Commission is charged with overseeing the proper utilization and protection of natural resources and the protection of watershed resources of the Town of Bristol. The Conservation Commission is the authorized agency within our municipal government which provides a focal point for environmental concerns.

One priority of the Conservation Commission has been to establish a working zoning ordinance which will identify and protect wetlands over one acre in size. Compilation of a wetlands inventory, and the designation of these wetlands on the town tax map has been a year-long project. Progress on refining and updating the inventory is nearing completion. However, constant monitoring and field research will be essential to keep the inventory current.

A second priority of the Conservation Commission has been to maintain the intent and preservation of the Pemigewasset Overlay District. Efforts to safeguard the Bristol boundaries of the Pemigewasset River have resulted in a cooperative relationship with other towns adjacent to the Pemi. Wes Dow serves as our representative on the Pemigewasset River Council. This Council is heading the effort to designate the Pemi as a free-flowing, wide and scenic river. This designation would shelter this valuable resource from some forms of development.

The Bristol Conservation Commission maintains a professional working relationship with many environmental organizations. These organizations include the Newfound Lake Association, The Audubon Society, Lakes Region Planning Commission, the Society for the Protection of New Hampshire Forests, Lakes Region Conservation Trust, the Lakes Coalition, and the New Hampshire Association of Conservation Commissions. Cooperative sharing for educational and legislative environmental purposes has been very active this year.

Activities of the Conservation Commission throughout the year have included the constant monitoring of the water at the Breck-Plankey Spring on Lake Street, a successful Hazardous Waste Collection day at which over one hundred participants took advantage of the service, support of attempts to gain appropriate public access to Newfound Lake and the unsuccessful attempt to obtain a matching grant from NH Charitable Trust for the new well site. Additionally, the Conservation Commission has responded to numerous applications for new and old dock construction and repair on Newfound Lake. Revised rules from the NH Wetlands Board and a new application form have gone into effect. Basically, the only activity which can be accomplished without a permit is the replacement of

decking on docks that conform to the new regulations. Individuals needing assistance in complying with the law are urged to contact a member of the Conservation Commission.

Some environmental issues and concerns appear overwhelming; however, the work of the Conservation Commission at the local level indicates that a community's interest in protecting and maintaining its valuable natural resources is a "grass roots" level priority. The Bristol Conservation Commission members remain committed to serving the local government by acting as a liaison between the needs of the environment and the rights of the individual.

Respectfully submitted,
Mason Westfall, Chairperson
Janet Cote
Barbara DeAngelis
Maynard Dow
Samuel Worthen

1990 KELLEY PARK COMMISSION REPORT

The Kelley Park Commission realizes it is time to update the Park. We have begun by having a survey done by Alan Barnard. Our intention is to make better use of the available space and make it an area that everyone in the community can use and enjoy.

We hope to divide our improvements into smaller projects to be completed over the next few years. Our next step is to seek a Master Plan and raise enough money to fund it.

Over the years our Trust Fund income has become less able to maintain the Park to a safe level. That is why we have found it necessary at this time to ask the Town for funding of our normal maintenance costs.

We hope to work together to make Kelley Park a more enjoyable and diversified area for all.

Sincerely,
Leslie Keenan, Secretary/Treasurer
Kelley Park Commission

BRISTOL WATER WORKS

The Town of Bristol was successful in procuring the Beaulieu property adjacent to the Fowler well site. This is an excellent aquifer for future expansion of the existing water supply.

The Wulamet Road/Arrowhead Point water mains project is complete. During the spring of 1991 all those adjacent to the main will be allowed to hook up and become a Bristol Water Works customer. Fire protection, by hydrants, is in place and operative.

No water rate adjustment was made in 1990 to the rate established April 1, 1989.

A common quarterly billing procedure was established with the Bristol Sewer Commission. The common billing will result in a cost savings to the two departments and simplify procedures.

The Commission met in 12 regular and 17 special meetings during 1990.

John Bianchi, Chairman
Gordon S. Dole
Burton Williams

BRISTOL SEWER COMMISSION ANNUAL REPORT

We entered 1990 with a sewer moratorium in effect due to the disposal plant operating at near-capacity. During the early part of the year, we were able to seal out a lot of infiltration in the lines. The "T V" pictures showed where the leaks were and kept the cost down by pinpoint digging. This resulted in getting the flow to the plant down enough to lift the moratorium by summer. To many customers on the waiting list, your patience and cooperation during the moratorium was greatly appreciated.

In the spring of the year, the sewer plant upgrade was started. Penta Corporation from Moultonboro, NH was awarded the contract. The project is going along very well and on schedule. In 1991 when the project is complete, we plan to have an "open house" so all interested people can see some of the new technology in place.

To better serve more residences of Bristol, we now have in place a pad at one of the oxidation ditches enabling us to now accept holding tank waste.

Walter Corbeil, Chairman
John Bianchi
Everett Hackett

1991 GAT of 110,893 tons, cost = $ 37.45/ton

II. Summary 1990 completed our first full year of operations with positive results. We delivered 105,385 tons of trash from our 27 communities at a Co-op cost of $36.45 per ton covering full cost of all operations, including our landfill, plus future landfill expansion and closure funds. While our delivered tons were down in 1990 we expect in 1991 to be much closer, due to operating experience, to our 1991 Guaranteed Annual Tonnage of 110,893 tons. Our operator at the Landfill, J.D. McLeod, continues to function in an exemplary manner and his efforts are greatly appreciated by the Co-op. Our tipping fee in 1991 was set at $37.45 and we intend to commence the design and some construction of our Phase II Operations at the Landfill. Once again the communities should be grateful to their Co-op representatives who have given much time and effort since 1985 to pull this project together and to continue it into the coming years.

Ronald H. Ford
Project Director

BRISTOL POLICE COMMISSION REPORT

The Bristol Police Commission and Chief of Police Barry W. Wingate submit the following report for the year.

1990 has been a year of continued activity for the Bristol Police Department, as well as a year of change. Some of the notable changes have been the promotion of Kenneth R. Martell, Jr. to the rank of Sergeant, and the welcoming back to the force of Patrolman Robert D. Gray. The Regional Prosecutor Program has been in effect now for a year and while there have been some unanticipated glitches along the way, it is generally felt that the program is successful as it relates to the Town of Bristol. Our court conviction rate has improved and we have seen better utilization of our personnel.

We are pleased to report that while drugs are a continuing problem, the incidence of drug-related crimes in Bristol is down for the year, as is the number of DWI offenses. It should not be assumed, however, that overall activity is down, for each notable area of decrease there has been an area of notable increase. In 1990 the Bristol Police Department has received 8000 calls for service, an increase of 2000 calls over 1989. It should be noted that while the number of calls for service continues to increase, the number of full-time officers available to handle those calls has remained the same for the past 10 years. This, of course, is a condition that should not continue; however, it is an indication of the dedication and effort put forth by the personnel at the Police Department.

All indications are that the upcoming year will be one of economic struggle, a condition which always generates increased police activity. Rest assured that we will endeavor to maintain the quality of police protection that the people of Bristol have come to expect. We wish to thank the people of Bristol for their continued support and cooperation.

Respectfully submitted,
Bristol Police Commission

Everett H. Hackett, Chairman
William L. Simpson, Commissioner
Thomas J. Belser, Commissioner
Barry W. Wingate, Chief of Police

POLICE DEPARTMENT REPORT

Below is a list of statistics of several areas handled by the Bristol Police Department in 1990:

POLICE DEPARTMENT 1990 STATISTICS

COMPLAINTS

Rape	1
Arson	5
Assaults	29

Defective Equipment — Tags Issued	130

SECURITY

Burglary Alarms Answered	164
Open Business Doors	100
Total Miles Driven	91,358
Total Gas Consumption (Gallons)	6,829

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but ONLY with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, *without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.*"

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to $1,000 and/or a year in jail and you are also liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forest and Lands at 271-2217.

FOREST FIRE STATISTICS — 1990

	State	*District*	*Bristol*
Number of Fires	489	32	4
Acres Burned	473	38	less than 1

Bryan C. Nowell
Forest Ranger

John W. Moyer, Jr.
Forest Fire Warden

EMS DEPARTMENT

The Town of Bristol EMS Department again had another busy year. The number of calls actually went down slightly, but administratively it was extremely busy.

The total number of calls for 1990 was 418 which is twenty-five less than last year. This is partly due to a change in the numbering system, as we count each actual incident now as opposed to counting each patient. The calls' breakdown is:

Alexandria — 30	Danbury — 37
Bridgewater — 44	Hebron — 25
Bristol — 154	New Hampton — 95

The balance were mutual aid calls to other towns and emergency transfers from one facility to another.

The year 1990 also saw the transition of the service from the private sector to a municipal service. This opened the door to a lot of reorganization so we now operate about the same as your local volunteer fire department. Several of the more senior personnel left the ambulance service, along with the director. We are now staffed with eight dedicated volunteer EMT's and a new full-time director.

For the year ahead our goals are to continue to improve and upgrade our level of service to include putting Advanced Life Support protocols in place and to train some EMTs to the intermediate level. We are also looking to hire one full-time EMT to staff the day shift which will much improve our response time on a daily basis.

We at the Town of Bristol EMS Department are looking forward to another busy year serving the people of the six Newfound Area towns. If anyone would like information about the ambulance service or has any questions, feel free to stop in at the Town Offices at 71 Lake Street, Bristol, or call us at 744-2848.

BRISTOL PLANNING BOARD

1990 has been a challenging year for the Bristol Planning Board. In addition to subdivision applications and other Planning Board functions, the Board conducted several Site Plan Review hearings with many additional abutters' hearings and work sessions. Although new to Bristol, Site Plan Review has proven to be an important forum by which the public can offer their input concerning economic development in our Town.

In the coming year, with the pressures of development diminished by the economic climate, the Planning Board's priority will be the up-date of our Comprehensive Master Plan. As the cornerstone of land-use regulation, our Master Plan will reflect the public's direction for growth in Bristol.

The Planning Board wishes to publicly acknowledge and thank Tom Belser, who resigned this year after many years of contribution to the Board.

The Members of the Planning Board are:

Bertha Bailey
Jeffrey Barr, Chairman
David Cooper
Robert Newcomb
William Phinney
Michael Soule

Jeffrey D. Barr, Chairman

ZONING BOARD OF ADJUSTMENT
1990 Year End Report

The activity of hearings for the past year has doubled over last year. There have been 19 hearings from January to December 1990. The hearings for this period were of the following types:

2 Special Exceptions
- 1 Conditional Grant
- 1 Denied

10 Variances
- 1 Conditional Grant
- 6 Granted
- 3 Denied

5 Rehearings
- 5 Granted

2 Administrative Appeals to the:
- 1 Building Inspector, Upheld
- 1 Building Code Board (ZBA Acting), Relaxed

The members have worked hard this year, at making decisions that were fair to those coming before the Board, and can be proud of the effort put into making decisions within "the spirit of the Ordinance". The ZBA has also worked with the Planning Board, making several recommendations to that Board. These recommendations will clarify many conflicting articles in the present Ordinance when adopted by the voters this March.

The present members of the Board

Kenneth Grack, Chairman
Orvis Hopkins
Jeffrey Shackett
John Morrison, Jr.
Linda Lee
David Powden, Alternate

will continue to work for the best interest of Bristol.

Kenneth R. Grack, Chairman

MARRIAGES REGISTERED FOR THE YEAR ENDING DECEMBER 31, 1990

Date & Place of Marriage	*Name & Surname of Groom & Bride*	*Residence*	*Name, Residence, Official Station of Person by Whom Married*
